

1. Air 1 Radio, 90.1 is an integral part of my and my families day-to-day life. It is the ONLY station I listen to.
2. The effect on the local community would be very negative if an LPFM broadcaster were to displace Air 1. Air 1 has a positive affect on the community.
3. Air 1 provides moral music and programs that have a positive on youth and adults - they do not promote drugs, illicit sex or violence over the air waves.
